

CAMPING UPDATE

SUMMER CAMP EDITION

High-quality outdoor program has never been closer to home. Check out what's new and exciting at Baltimore's summer camp!

What's new?

Project Wake Trek Experience

Coming in at a mile wide and 444 miles long, The Susquehanna River is the longest river on the east coast. Our new guided trek experience explores both the hidden gems of the Susquehanna and advanced outdoor skills in our new senior youth high-adventure experience.

Hybrid Merit Badge Classes

Ever get caught sitting in a class that just feels like it's getting dragged on and on? We hear ya, and that's why in 2022, Broad Creek will be offering select hybrid merit badge classes that combine two shorter merit badges that complement each other well into one class session.

For complete details on programs, campsites, and registration, visit www.broadcreekbsa.org/programs/summer to check out more!

Want a visit from the Broad Creek team?

Shoot an email to: campingservices@baltimorebsa.org with your unit number and leader phone number, and we'll make plans to stop by!

Horsemanship Weekend

March 26th-27th

Broad Creek Memorial Scout Reservation

Saddle up! Horses from @thecityranch.inc will be stopping by camp March 26th-27th to visit. Introductory horsemanship classes are available to those who register in time, covering many of the requirements for the Horsemanship Merit Badge. Learn more and register at <https://scoutingevent.com/220-horse>.

Win for the conservationists! Excellent work to those who came out to our Conservation Service Day last Saturday, which featured the removal of several invasive ailanthus trees. These trees harbor egg sacks for the disastrous spotted lanternfly, and unfortunately had to go. Our next Conservation Workday will be in late-March; in the meantime, grab some firewood!

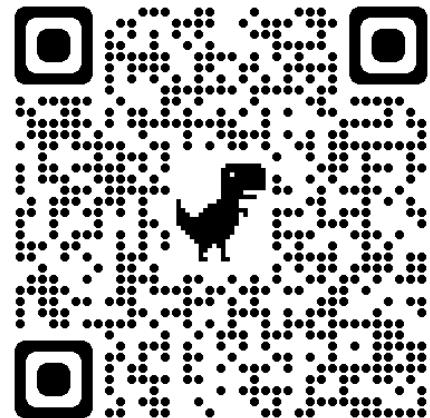

Camp Staff

Our 2022 Camp Staff team is shaping up to be one of the best ever, don't miss your chance to join the family! We're still accepting applications to fill select summer positions, so head on over to www.broadcreekbsa.org/camp-staff to apply today!

...One Last Thing!

Scouting is unique in many ways as a youth organization, containing many rich traditions that are passed down by generations. Although, one tradition rises above the rest; one that is with you from your first camporee, to summitting Philmont's Mount Baldy, even all the way to completing your Eagle Scout project. We're speaking, of course, about patches, and the Baltimore Area Council is no exception to this cherished tradition!

Check out this collection of Baltimore and Broad Creek's patch history, put together by longtime scouter Dave Scocca. Simply aim your device's camera at the code to the right, and click the link to see the history for yourself.
